

MPGD2009

1st International Conference on Micro Pattern Gaseous Detectors

Kolympari, Crete, Greece, June 12-17, 2009

3rd Bulletin Final call for abstracts

The 1st International Conference on Micro Pattern Gaseous Detectors (<http://candia.inp.demokritos.gr/mpgd2009/>) will take place in Kolympari, Crete, Greece at the Orthodox Academy of Crete (OAC) Conference Center, on June 12-15, 2009. The conference will be followed by the 3rd RD51 Collaboration meeting on June 16-17 at the same venue.

Even though a large number of abstracts have been already submitted, we decided, following popular demand, to extend the deadline for **abstract submission** until the **15th of April 2009**. The abstract approval date remains the 25th of April 2009.

We remind you that the registration is still open and we urge you to register as soon as possible.
